Almost every company wants to grow - at least officially. Shareholders are demanding further growth and no management team would deny that the growth of their company is one of the top issues they are working on every single day. However, there are barriers to growth, and these are not only external barriers. Most often it is not the economy, not the market and not the customer who just "hasn't got it." The main barriers can be discovered inside every company, because growth always comes from within. If the organization is not ready to grow, initiatives to increase market share, to enter new markets, and/or to increase profitability are destined to fail. This book systematically addresses the main internal barriers to growth and provides practical guidance not only for discovering these barriers, but to systematically overcoming them.?
