Monster Stones: The Story of a Dinosaur Fossil (Science Works) Jacqui Bailey

This series uses cartoon style illustrations and humorous narrative text to make key topics in Science and Geography both accessible and engaging. This approach encourages children to read about and understand complex ideas. This book takes the reader back millions of years to tell the story of a dinosaur's death. Through this story, we discover how fossils are formed. We also learn how they are discovered, removed, researched and preserved in museums. This book also contains an experiment, more great facts to know, useful websites and an index.
