The Subtle Body is a comprehensive encyclopedia devoted to the critical world of our invisible anatomy, where so much of healing actually occurs.

Compiled by intuitive healer and scholar Cyndi Dale, this 500-page full color illustrated reference book covers:

- What is the "subtle body"? New scientific understanding of our quantum-state existence and the unseen fields that determine our physical condition
- True integrative care: how combining Eastern energetic modalities with Western scientific rigor yields optimum results
- The meridians, fields, and chakras: detailed information and diagrams about the role of these energetic structures in our overall health
- Energy-based therapy principles from the world's healing traditions--including Ayurveda, Qigong, Reiki, Quabalah, and many more

For professionals who want to make the leap from being good healers to great ones, one thing is clear: we need to care for every facet of our well-being. With The Subtle Body, practitioners and patients alike now have an unprecedented resource for understanding the physical, energetic, and spiritual elements of human health--for an informed, complete approach to healing.
