Drugs for Pregnant and Lactating Women, 1e

Carl P. Weiner MD, Catalin Buhimschi MD

Drugs for Pregnant and Lactating Women, 1e Carl P. Weiner MD, Catalin Buhimschi MD

This single, comprehensive guide details how virtually all of today's drugs and herbal supplements interact with pregnancy and lactation. Covering nearly 2,000 substances, it indicates precisely whether each one is FDA-approved for use by expecting or nursing mothers...is known to be safe for use...or is known to pose a danger.

- Describes each substance's mechanism of action, side effects, drug-drug interactions, dosage, cost of therapy, and degree of safety during pregnancy or lactation.
- Indicates not only whether the FDA has approved a drug based on clinical trials, but also whether the drug is generally considered to be safe in the absence of FDA approval.
- Includes over-the-counter drugs and alternative medications as well as prescription drugs.
- Uses an eye-catching icon to highlight known teratogens.
- Makes reference easy with an alphabetical organization by both trade and generic name, a special index listing drugs by category, and a user-friendly page format.
- Also available as PDA software and in an economical book/PDA software package.

This Drugs for Pregnant and Lactating Women, 1e is fresh way for you who has curiosity to look for some information mainly because it relief your hunger of information. Getting deeper you on it getting knowledge more you know or perhaps you who still having little bit of digest in reading this Drugs for Pregnant and Lactating Women, 1e can be the light food to suit your needs because the information inside this specific book is easy to get through anyone. These books acquire itself in the form which is reachable by anyone, yes I mean in the e-book type. People who think that in reserve form make them feel drowsy even dizzy this reserve is the answer. So there is not any in reading a book especially this one. You can find actually looking for. It should be here for you actually. So , don't miss it! Just read this e-book sort for your better life in addition to knowledge.

Bertha Greene:

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library or to make summary for some e-book, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Drugs for Pregnant and Lactating Women, 1e can make you feel more

interested to read.
