BMC 1100 and 1300: An Enthusiast's Guide James Taylor

The British Motor Corporation's 1100 and 1300 model range was amongst the most successful in the Corporation's history, selling more than 2.1 million of all types between its introduction in 1962 and its demise in 1974. World-wide, it was sold under eight different marque names and in two-door saloon, four-door saloon, two-door estate, and five-door hatchback forms - and very nearly as a van as well. In Britain, it was the country's best-selling car between 1962 and 1971, being beaten just once (in 1967) by the Ford Cortina. BMC 1100 and 1300 looks at the design and development of a model range that at the time confirmed BMC as a pioneer of new automotive ideas and had a profound impact on other manufacturers. It covers not only the full standard model range, but special conversions, cars built abroad, and owning and running the cars today. Superbly illustrated with 150 colour photographs.
