Genitourinary Imaging: A Core Review Matthew Davenport

The ABR core exam will be administrated in late June every year. This core examination, which is one component toward obtaining board certification in diagnostic radiology, will test knowledge and comprehension in 18 categories of the exam. Books in The Core Review Series will consist of approximately 300 imaging questions, in a format similar to the new ABR core exam. High quality radiographs, CT, MRI, and ultrasound images will be included. Answers to the questions will be discussed in a concise manner with explanations for why a particular answer choice is correct and the remaining answer choices are incorrect. Literature references will be provided for each answer explanation that cover all relevant aspects of genitourinary imaging using a format identical to the test. Interacting with this book will prepare the resident to read and answer Core Exam questions.
