Biodynamic gardening is a natural system that marries organic gardening with a method of planting in sync with the rhythms of the earth. The result is healthful fruits and vegetables grown in a natural, self-sustaining environment. In their book, *If You Like My Apples*, authors Clue Dennis and Luke Miller have created a concise easy-to-understand guide to using this earth-friendly system. The authors first explain the theories of biodynamic gardening, and then provide you with a simple, practical approach to establishing your own thriving garden. Throughout, clear illustrations clarify concepts and techniques, help you identify essential tools, and guide you in applying the earth-friendly theories of biodynamics to your own particular conditions and needs.
