Vie de Jeanne d'Arc (French Edition) Anatole France

De Neufchâteau à Vaucouleurs la Meuse coule libre et pure entre les trochées de saules et d'aulnes et les peupliers qu'elle arrose, se joue tantôt en brusques détours, tantôt en longs circuits, et divise et réunit sans cesse les glauques filets de ses eaux, qui parfois se perdent tout à coup sous terre. L'été, ce n'est qu'un ruisseau paresseux qui courbe en passant les roseaux du lit qu'il n'a presque pas creusé; et, si l'on approche du bord, on voit la rivière, ralentie par des îlots de joncs, couvrir à peine de ses moires un peu de sable et de mousse. Mais dans la saison des pluies, grossie de torrents soudains, plus lourde et plus rapide, elle laisse, en fuyant, une rosée souterraine qui remonte çà et là, en flaques claires, à fleur d'herbe, dans la vallée. Cette vallée s'étend, toute unie, large d'une lieue à une lieue et demie, entre des collines arrondies et basses, couronnées de chênes, d'érables et de bouleaux. Bien que fleurie au printemps, elle est d'un aspect austère et grave et prend parfois un caractère de tristesse. L'herbe la revêt avec une monotonie égale à celle des eaux dormantes. On y sent, même dans les beaux jours, la menace d'un climat rude et froid. Le ciel y semble plus doux que la terre. Il l'enveloppe de son sourire humide; il est le mouvement, la grâce et la volupté de ce paysage tranquille et chaste. Puis, quand vient l'hiver, il se mêle à la terre dans une apparence de chaos. Les brouillards y deviennent épais et tenaces. Aux vapeurs blanches et légères qui flottaient, par les matins tièdes, sur le fond de la vallée, succèdent des nuages opaques et de sombres montagnes mouvantes, qu'un soleil rouge et froid dissipe lentement. Et, le long des sentiers du haut pays, le passant matinal a cru, comme les mystiques dans leurs ravissements, marcher sur les nuées. C'est ainsi qu'après avoir laissé à sa gauche le plateau boisé du haut duquel le château de Bourlémont domine le val de la Saône et à sa droite Coussey avec sa vieille église, la rivière flexible passe entre le Bois Chesnu au couchant et la côte de Julien au levant, rencontre, sur sa rive occidentale, les villages de Domremy et de Greux, qui se touchent, sépare Greux de Maxey-sur-Meuse, atteint, entre autres hameaux blottis au creux des collines ou dressés sur les hautes terres, Burey-la-Côte, Maxey-sur-Vaise et Burey-en-Vaux, et va baigner les belles prairies de Vaucouleurs.
