The Constitution in 2020

The Constitution in 2020

The Constitution in 2020 is a powerful blueprint for implementing a more progressive vision of constitutional law in the years ahead. Edited by two of America's leading constitutional scholars, the book provides a new framework for addressing the most important constitutional issues of the future in clear, accessible language. Featuring some of America's finest legal minds--Cass Sunstein, Bruce Ackerman, Robert Post, Harold Koh, Larry Kramer, Noah Feldman, Pam Karlan, William Eskridge, Mark Tushnet, Yochai Benkler and Richard Ford, among others--the book tackles a wide range of issues, including the challenge of new technologies, presidential power, international human rights, religious liberty, freedom of speech, voting, reproductive rights, and economic rights. *The Constitution in 2020* calls on liberals to articulate their constitutional vision in a way that can command the confidence of ordinary Americans.
