The Education System is Broken: Strategies to Rebuilding Hope, Lives, and Futures Cathy S. Tooley
The intent of this book is to look at our educational system as it currently works and to evaluate not only *why* this system is broken, but also *how* we might move forward, together, to fix it. So, how do we fix our failing schools? We begin by finally taking the educator out from behind the desk and bring them to the table to *share* in the decisions and solutions regarding what is happening in our schools. It is time to part the curtains on our public school system and show you the villains, the heroes, the talented, and the not so talented. It is time to give you a behind the scenes view of our educational stage.
