## El sueño y el inframundo/ The Dream and the Underworld (Paidos Junguiana/ Paidos Jungian) (Spanish Edition) James Hillman

En este libro, James Hillman desarrolla una teoría de los sueños cuyos únicos precedentes son las de Freud y Jung. Tomando como punto de partida las ideas de este último acerca del inconsciente colectivo, Hillman utiliza los conceptos clásicos en términos mitológicos. Da cuenta de nuestra vida onírica recurriendo a los mitos del inframundo -el lado oscuro del alma, sus imágenes y sus sombras-y a las representaciones de los dioses y de la muerte. Y ello le conduce a una revisión de la interpretación de los sueños en relación con la psicología del "morir". La obra concluye con una hermosa disertación sobre las imágenes y los temas específicos de los sueños tal como aparecen en la práctica de la psicología. El sueño y el inframundo es el mejor libro de Hillman, pues profundiza con gran fuerza en las teorías que ya expuso en dos de sus textos anteriores, El mito del análisis y Re-imaginar la psicología.
