Gods Await Katherine Tingley

Thought-provoking and inspiriting, The Gods Await applies theosophic principles to human life and thought, emphasizing remedies for man's inhumanity to man. It discusses freedom of ideas, world peace, and reformation of the criminal justice system setting forth the problems with their root-causes and possible solutions. Speaking to the intuition as well as the intellect, the author encourages us to recognize our duality and look to the spiritual center within, then act fearlessly for there is always another chance, no matter what our apparent failures. Here is a plea for social action and individual renewal based on self-knowledge, compassion, and the innate divinity of mankind.
