The Explorer's Guide to Death Valley National Park, Second Edition

T. Scott Bryan, Betty Tucker-Bryan

The Explorer's Guide to Death Valley National Park, Second Edition T. Scott Bryan, Betty Tucker-Bryan

Originally published in 1995, soon after Death Valley National Park became the fifty-third park in the U.S. park system, *The Explorer's Guide to Death Valley National Park* was the first complete guidebook available for this spectacular area. Now in its second edition, this is still the only book that includes all aspects of the park. Much more than just a guidebook, it covers the park's cultural history, botany and zoology, hiking and biking opportunities, and more. Information is provided for all of Death Valley's visitors, from first-time travelers just learning about the area to those who are returning for in-depth explorations. Rewritten, reorganized, and revised, the book includes updated point-to-point logs for every road within and around the park, as well as new maps more accurate than those in any other publication. With extensive input from National Park Service resource management, law enforcement, and interpretive personnel, as well as a thorough bibliography for suggested reading, *The Explorer's Guide to Death Valley National Park, Second Edition* is the most up-to-date, accurate, and comprehensive guide available for this national treasure.
